Report launch: **The Sustainable Development Goals Report 2024**
Live on [UN WebTV](http://webtv.un.org)

The report is under embargo until 28 June 2024, 11:30 am EDT

With just six years remaining to the 2030 deadline, current progress falls far short of what is required to achieve the [Sustainable Development Goals \(SDGs\)](#), according to **The Sustainable Development Goals Report 2024**.

The report details the significant challenges the world is facing in making substantial strides towards achieving the SDGs. The report also highlights where action must accelerate, particularly in critical areas undermining SDG progress — climate change, peace and security, inequalities among and between countries, among others.
